Oh! Henry! 2010

Starring Henry Kaiser

It was December 2008 when I first received an e-mail from Mr. Kaiser. We exchanged information and images - among them were pictures of Antarctica.

I had always wanted to meet Mr. Kaiser, but the distance between Japan and the U.S. made this nearly impossible to do. However, an unexpected good thing was happened to me, I was to attend my daughter's wedding in the U.S. with my family in September 2010.

I spent three days with Mr. Kaiser in 2010. Though it all seemed surreal, I had photographs to prove myself that it has occurred; the experience of the three days are summarized in this book.
